

6516209704.txt

I use XM radio every day - in the car during my 2 hour commute and at home with my 4 month old baby. People need to move with the times when it comes to technology and I wouldn't be able to get foxnews w/out xm radio. I work second shift and take care of my baby all day.

Stop allowing ignorance and greed to overrule common sense and the greater good.
Leave XM alone - let it prosper and enrich the market.
